

EXHIBITION SPONSORSHIP

The Gallery at Paint Creek Center for the Arts (PCCA) is comprised of a 1,600 sq. ft. of exhibit space, occupying almost the entire second floor of PCCA's building, located at 407 Pine Street in historic downtown Rochester, Michigan. Through closed and open call exhibits, PCCA is able to provide valuable exposure and revenue streams for Southeast Michigan artists and quality art education and gallery experiences for patrons. Each year, PCCA hosts at least four on-site exhibits in the gallery space. Two platforms located immediately in front of PCCA's building provide opportunities for sculptures to be displayed. Additional off-site exhibits in partnership with other area businesses and organizations are held whenever possible.

Every on-site exhibit includes an opening reception with complimentary beverages and hors d'oeuvre. Exhibits are typically on display for four weeks and include at least one artist-led gallery talk or post-reception event. Receptions, gallery talks, and exhibits are open to the public for a suggested donation of \$5. PCCA Members receive free entry to all exhibits with PCCA. Beginning in 2020, exhibits are also made available for permanent viewing online through a virtual gallery platform, or through video record of the opening reception. Off-site exhibits are subject to the limitations of their venue.

Sponsors play a critical role in the continuation of gallery exhibits and events at PCCA. Whether you prefer to support financially or in-kind, your contribution directly strengthens our growing arts community and ensures PCCA is able to provide creative experiences that are accessible to all. Sponsors are recognized in many highly visible ways, including major marketing and media inclusion, both online and in print. Additional recognition is offered based on sponsorship level. Sponsorship is available for each exhibit offered.
